

Environmental Policy

Weybridge Skips Hire Ltd. are committed to embedding Environmental Management best practice within its business activities.

Weybridge Skips Hire Ltd. acknowledges the close alignment which should exist between economic growth, development and a healthy environment. Environmental protection and sustainable development are responsibilities that government, business, communities and individuals should endeavour to achieve.

Weybridge Skips Hire Ltd. are committed to:

- Reducing as much as possible, the operational use of energy, water and other natural resources;
- Reducing as much as possible, waste and identifying the best environmental options for disposal;
- Reducing as much as possible, for the whole life cycle, the environmental impact of all products and projects under our control;
- Protecting the environment from the environmentally significant results of work activities under our control;
- Preventing pollution;
- Considering opportunities to make a positive contribution to the environment;
- supporting active participation from employees, workers and clients in measures to improve environmental performance;
- Establishing clear environmental KPIs and monitoring performance against them;
- Continuous environmental performance improvement;
- Allocating sufficient resources to enable this policy to be implemented.

Each Weybridge Skips Hire Ltd. employee and worker has a duty to co-operate by:

- Complying with relevant legal requirements and environmental processes;
- Adopting good housekeeping practices in their areas of work;
- Reporting incidents or hazards with a potential environmental impact;
- Adhering to the approved and briefed emergency procedures as and when required;
- Participating in environmental training in accordance with the company's requirements.

This policy shall be communicated to staff as part of the mandatory company induction process and made available to interested parties via our company website.

Signed on behalf of Weybridge Skips Hire Ltd.

Kristian Ruse
